

Why it is important to study French? “Mrs. Israa Ahmed”

Dear Parents,

In this new academic school year, let us wish each one of you, especially our new students and parents, an excellent school year at Glory Generation International School.

At the beginning of this new school year, we wish to warmly welcome all our students, who are entering a new stage in their personal and academic journey with us.

GGIS has developed an educational approach that matches what our kids need for tomorrow. As international school, we are planning to make our students global citizens. One important aspect to do so is to study other languages.

First, Let's think about why it is important to study French?

Actually, there are plenty of good reasons:

A. World language

More than 220 million people speak French on the five continents.

B. language for the job market

The ability to speak French and English is an advantage on the international job market.

C. language for travel

France is the world's top tourist destination. The ability to speak even a little French makes it so much more enjoyable to visit Paris and all the regions of France.

D. language that opens up the world

After English and German, French is the third most widely used language on the Internet, ahead of Spanish.

How to prepare the kids for the school year?

There are plenty of good tools to help your kid learn French:

1. French CDs and DVDs with French audio.
